COMMERCIAL NAME CALIBRATION & ASTROLOGICAL STRATEGY DOSSIER

EVALUATING **'TEJA S'** FOR SOFTWARE UAT TESTING & HEALTHCARE HMS MARKETING

Client: **Ravi Kumar S** | DOB: 20-Nov-1968, 03:45 AM | Bengaluru, India | Evaluated: October 2026

EXECUTIVE VERDICT: SUPREMELY AUSPICIOUS COMMERCIAL UPGRADE (96% COMPATIBILITY)
Transitioning from legal name compound **28 (The Trusting Soul)** to commercial name **'Teja S' (Chaldean Compound 14 -> Mercury 5)** directly dissolves past associate-trust frictions and activates high-velocity commercial magnetism. Root 5 (Mercury) perfectly governs **Software UAT defect isolation** and **B2B Healthcare Software (HMS) sales closures**. No government ID alterations required; highly effective for LinkedIn, business cards, pitch decks, and commercial signatures.

Chaldean Compound	**28** (2+8 = 10 -> Root 1)	**14 (1+4 -> Root 5 Mercury)**	**17** (1+7 -> Root **8 Saturn**)	**14 (1+4 -> Root 5 Mercury)**
Chaldean Shastric Archetype	*'The Trusting Soul'* — Prone to opposition, associates taking undue advantage, career restarts.	*'Movement & Challenge'* — Supreme number of **commercial trade, IT agility & deal-making**.	*'The Star of the Magi'* — Highly spiritual/protective, but causes sales delays & red-tape.	*'Movement & Challenge'* — Identical to 'Teja S'; excellent for verbal calling.
Pythagorean Compound & Root	**43** -> Root 7 (Ketu / Detached)	**10 -> Root 1 (Sun / Executive Command)**	**11** -> Master 11 (Moon / Emotional)	**10 -> Root 1 (Sun / Executive Command)**
